

Announcement

February 25, 2014

To: Customers of Faber Pump & Equipment and Pumps Systems LLC

From: Korey Hinkle - President, Pump Systems LLC

I am excited to announce that Pump Systems LLC completed the acquisition of Faber Pump and Equipment on February 25, 2014. Faber Pump and Equipment was established in 1980 by Glenn Faber and has been successfully serving the Commercial, Industrial and Municipal markets in Ohio, Northern Kentucky, and Indiana.

The addition of Faber Pump and Equipment expands our product offering and sales coverage in order to serve you better. Our combined company will have the ability to sell and service a wide array of pumps, packages, and controls for the Commercial, Industrial, Municipal and Oil and Gas markets. Our product offering also includes treatment equipment solutions to fit your needs. Through our sister company, Generator Systems LLC, we are also able to offer mobile and stationary Generators up through 2,000kW. This comprehensive product offering is supported by our experienced sales team and factory trained and certified service department for all the product that we sell.

We are in the process of launching a new website which will reflect the full range of our capabilities. In the meantime, if you would like to receive updates electronically, please send us your email address to sales@pumpsystemsllc.com. We will include you in future electronic correspondence.

I want to personally thank you for your business. Please let us know how we can help you with your future projects or service needs.
